**Brad Lamb**  
Toronto

Brad Lamb is a polarizing figure in Canadian real estate. The industry veteran quickly made a name for himself in the condominium and loft markets in Toronto, and founded Lamb Development Corp. more than 10 years ago. With almost as many developments planned for release in the next few years – including those in Calgary, Edmonton, Toronto and Ottawa – it's clear that Lamb is going to be dividing public opinion for many more years to come.
